### ABOUT THE PROGRAM

**NEMEA, “Following the Hero...”**

NEMEA is an area in the northeast of the Peloponnese, known from the ancient times. According to Greek Mythology, HERCULES, the Greek hero, came to Nemea in order to defeat the ferocious beast, THE LION OF NEMEA, committing his first labor.

Here lies also, a valley of vineyards, hills and mountains in a picturesque landscape that will surprise you. Book your stay in the peaceful and winemaking village of Nemea. Here you will find the wine of the indigenous grape variety *Agiorgitiko*, a red grape variety, one of the most widely planted vines in Greece. The *Agiorgitiko* wines are known for their high level of fruitiness and their rich and full body.

You will also taste the special flavor of white and rose wines made of local and unique varieties.

### More specific:

We will follow the path of our Hero Hercules as he came to the valley of Nemea and we will also discover the *Agiorgitiko* wine. According to the myth, Hercules himself, drank the red wine Agiorgitiko before he confronted the beast:
